July 21, 2017 Dinner
July 22 & 23, 2017 Clinic Sessions

Hosted By
Barb Bigham & Wild Ride Farm
430 Camp Gettysburg Road
Gettysburg, PA 17325

Refined Horse Versatility...create the Ultimate Partner...refined and versatile.

*Whether you ride dressage, hunters or western, come and learn how **Refined Horse Versatility** will take your riding and showing to a whole new level and it's a lot of FUN!*

Join **Linda Hoover, founder of Refined Horse Versatility**, as she guides you in refining and strengthening the partnership with your horse.

Friday Evening: Meet Linda for a Pre-Clinic Dinner.

Linda will introduce Refined Horse Versatility and will share essential fundamentals necessary in order to have a horse who is a willing partner, keen to satisfy the desires of the rider, and has longevity in its soundness.

Plus, clinic participants will have the opportunity to step in their horse's shoes by taking part in "The Training Game". This enjoyable and insightful exercise reveals important elements everyone should know.

Saturday you will experience how working obstacles will enhance the training and partnership with your horse. The use of obstacles gives you measurable feedback on how your directions and aids are being perceived. Through participation, observation and discussion, an emphasis is placed on developing an understanding for what is taking place in your horse and how this relates to performance.

As you work through a variety of obstacles, ranging from those requiring accuracy to others offering unique challenges, you will learn how to encourage curiosity, develop confidence, and a willingness in your horse. This session will start in-hand and move to under saddle.

Sunday advances to refining the teamwork with your horse. The concept of a horse 'turning loose' in his mind and body and what this means to the horse will be discussed along with different ways of presenting aids to enhance your horse's understanding. Work will be done on and off the obstacle course.

Come prepared to learn, expand your skills and have FUN!
